With his patient's best interest at heart, and to help ensure that every experience is exceptional, Dr. Shapiro recently completed a stunning new 5,000 square foot office resting at the base of Camelback Mountain in Paradise Valley. The center embodies a new standard of excellence and refined luxury, setting the pace and raising the bar for practices across the nation.

Discerning patients do not have to travel to Los Angeles or New York to receive five-star treatment in a breathtaking environment. In fact, Dr. Shapiro is sought out by a national clientele of patients that come to his Paradise Valley-based center when they could easily go anywhere in the world. Dr. Shapiro commented, "We've gone to great lengths to create a distinctive, gracious destination that transports our patients to a different place. We also want our patients to feel relaxed, pampered, and confident that they will receive nothing less than world-class service and care."

While the experience is one of indulgence, serenity, and luxury, Dr. Shapiro's new office is a state-of-the-art facility with all the amenities, offering the best-of-the-best in every sense. Utmost care has been taken to ensure privacy and security that is sure to please even the most discriminating patient. The office is integrated with the Paradise Valley Cosmetic Surgery Center, reserved exclusively for plastic surgery procedures with board-certified anesthesiologists attending, and a private recovery center for overnight stays.

Dr. Shapiro's skilled, helpful staff rounds out the patient-centered experience. From the moment you first contact the practice through consultation, surgery, and follow-up care, they provide personalized, empathetic service, answer questions, and cater to your needs.
