

Local doctor develops skin-care line

Valley plastic surgeon Daniel Shapiro has created a clinical-grade skincare line available at his business, Shapiro Aesthetic Plastic Surgery and Paradise Valley Skin Klinik.

The line, named after the clinic and developed over two years, is a five-step regimen designed to improve skin tone, texture and clarity, and slow signs of aging. The natural-based ingredients include antioxidants, omega-3 oils, and red wine and caviar extracts. Products can be purchased online or at the clinic, 5410 N. Scottsdale Road, Building F-100, Paradise Valley.

Visit shapiroplasticsurgery.com or call 480-451-1701.
