

Beauty Breakthroughs

By Jenna Lee Dillon

What's Hot this Spring

according to Diane Aiello, owner of Glam Lounge

Shiny Bobbed Hair

Envision your short bob swinging in the breeze as you walk down the street. Can you see it? Now run to your nearest and dearest stylist and ask for this daring do. Blunt cut, fringed or short in the back, you'll look sassy and stylish this spring.

Wavy Romantic Locks

Too soon to say goodbye to your long locks? Embrace being curly – with your hair, that is. Creating loose waves is the perfect way to take long hair from dull to debonair. Just make sure to steer clear of frizz or flyaways.

Pastel Shades

Spring's flowers are in bloom and so are pastel shades for the eyes. These delicate shades are lovely when paired with soft berry lips.

Coral Lips

Coral is the color of the catwalks this spring! Choose a hue from an array of peachy shades that complements your skin and doesn't overwhelm your face.

Shimmery Nude Nails

This spring, make sure your nails are enhancing your fabulous look, not distracting from it. Keep nails polished in subtle colors such as pale pinks.

Golden Glow

Finally the rest of the world is catching on to what we Phoenicians already know – bronzed is better! Make sure you have a tantalizing tan before you bare any skin!

Keep these tips in mind, and you're sure to stay chic this spring! For more expert advice, find Glam Lounge online at glamlounge.net or by phone at 480.945.1760.

TRAVEL KIT

Kinerase has created an all-inclusive skincare kit that will make packing for summer vacations a breeze. This handy kit, also perfect for the gym, contains products that are effective, gentle and non-irritating. Available for normal to dry skin or oily skin, the collection is comprised of Kinerase Lotion and Cream, Gentle Daily Cleanser, Peptide Intensive Treatment and Intensive Eye Treatment. You can cleanse and moisturize your skin, stave off signs of aging and reduce appearance of fine lines around the eyes, all in a kit small enough to fit in your purse.

Kinerase is available at Sephora stores nationwide or online at sephora.com and kinerase.com.

ANTI-AGING SERUM

Gorgeous skin is always in style. Attain and maintain beautiful skin with the regimen developed by Dr. Daniel Shapiro, owner of Paradise Valley Skin Clinic. The new clinical-grade skincare line was formulated using cutting-edge research and technology and is exclusively available at the Paradise Valley location. The line includes cleansers, toners, various moisturizers for the eyes, face and neck, intensive anti-aging serums and hydrating masks. Taut and Toned, an anti-aging serum, feels as light as a breeze while it firms your face, and the plush Eye Love It will leave the skin around your eyes feeling moisturized and youthful.

Find more information on the entire line or book a complimentary consultation by calling 480.421.1701 or visiting shapiroplasticsurgery.com
